

Data Recovery Service

Your data is priceless.
We'll protect it.

Important documents, presentations or graphics are essential for your business and therefore deserve the very best protection especially when your workforce is mobile. Whether an unexpected drop, power surge, virus or user error, unforeseen events can quickly lead to problems that affect data integrity or result in data loss.

The dynabook Data Recovery Service gives you a way to manage these risks and avoid high costs if not insured upfront. Whatever happens, you can be sure that everything will be done to recover your most important data.

Upon successful recovery, dynabook returns your data on a brand-new hard disk drive to get your workforce back working in no time.
